|---|---|
| **Model** | Signaline Q Clip |
| **Pack size** | 100 clips per pack. |
| **Pack weight** | approx. 0.9kg |
| **Mounting** | Ceiling using M6 Screw or percussion nail |
| **Material** | Clip: Stainless steel |
| | Insulator: UV & ozone proof EPDM |
| **Colour** | Black liner, metallic clip |

The Q-Clip is designed specifically to allow a 20mm stand-off between ceiling and Linear Heat detector, in accordance with EN54 part 28 and EN54 part 28.

The Q-Clip provides increased speed of installation being a single piece and removes the need for cable ties.

Made from stainless steel 316L, the clip provides extremely high chemical and atmospheric resistance as well as increased strength.

The Q-Clip can be used with all Signaline Linear Heat Detectors (accept FT-230 -X)

Fixing screw not included.
