

# K70M 7" Touchscreen Keypad

Touch the Future of Security

The Paradox K70M is a 7-inch capacitive touchscreen keypad engineered to deliver a seamless, intuitive control experience for Paradox M systems.

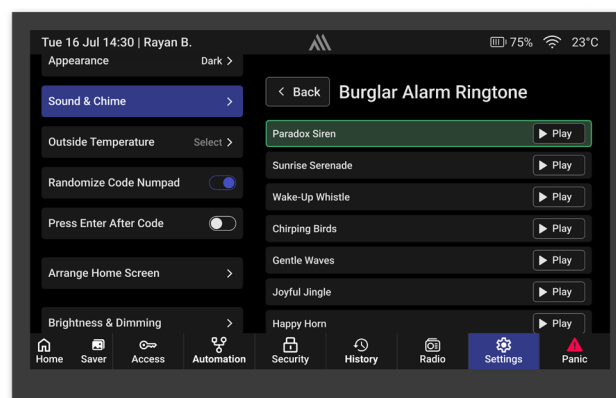

Combining modern aesthetics, speed, and functionality, the K70M provides complete management of security, video, and automation features all through an ultra-fast, user-friendly interface. Designed for both residential and commercial environments, the K70M redefines keypad performance with its vivid display and intelligent connectivity.

## Brilliant Display. Rich Sound. Total Experience.

The K70M features a stunning 7" 1024 × 600 color touchscreen, delivering vibrant visuals, sharp detail, and fluid responsiveness. Every camera view, control, and menu is presented with exceptional clarity and precision, creating a visually engaging experience that feels as refined as it looks.

Beyond its vivid display, the K70M introduces a new dimension of sound. With 4 W RMS audio output and support for internal and external speakers, it transforms into a compact, high-quality audio center ideal for background music and internet radio streaming. A built-in 5-band equalizer ensures balanced, dynamic sound thus enhancing any environment, from elegant reception areas to stylish home spaces.

Blending smart entertainment and advanced security, the K70M delivers a complete sensory experience where sight, sound, and control come together in perfect harmony.

## Smart Design. Simple Installation.

Requiring only a two-wire 12V DC power supply and connecting to the Msystem via Wi-Fi, the K70M simplifies installation and ensures reliable communication. Its built-in rechargeable battery provides up to 12 hours of uninterrupted operation during power outages. For continuous operation, the PA12V/1A AC-to-DC power adapter can be used with the keypad.

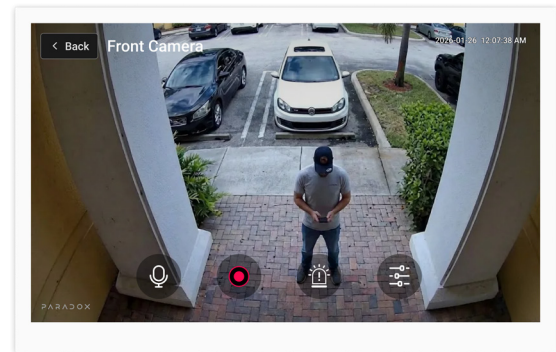

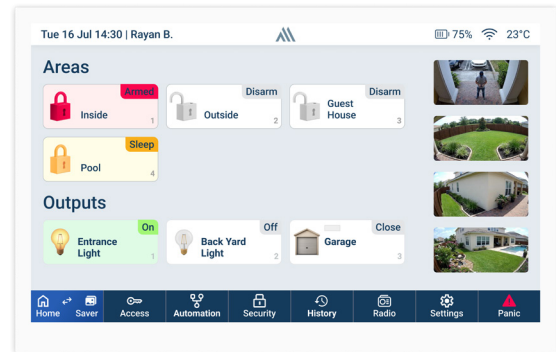

## Live Camera View

The K70M touchscreen keypad connects seamlessly to the HD10 Camera to deliver real-time live video directly on its display. Using a secure connection, users can instantly view camera feeds and verify system events all from the convenience of the K70M.

## Performance and Versatility

The K70M provides fast and secure access to all Paradox system features, including security operations, access control, and automation when supported. Available in white or grey, it is also offered with an optional NFC MIFARE reader for advanced access management.

## Experience the Difference. Experience the K70M.

## Key Features

- ▶ 7" capacitive touchscreen with vivid, ultra-responsive display
- ▶ Wi-Fi connection to Paradox M systems
- ▶ Two-wire 12V DC power supply with built-in rechargeable battery (12-hour backup)
- ▶ Internet radio streaming with 4 W RMS output and 5-band equalizer
- ▶ Customizable screen savers via BlueEye app
- ▶ Optional NFC MIFARE reader
- ▶ Available in white or grey finishes
- ▶ Future Ready - designed with scalability in mind

## Specifications

Input Power Supply	12V DC 500mA
Display	1024 × 600 color touch display.
Speakers	Internal and external
Audio Output Power	4 W RMS for background music
Status Indicators in Application	Power supply, battery level, temperature
M System Connectivity	Wi-Fi (2.4 MHz)
Battery	Built-in rechargeable battery providing up to 12 hours of operation
Installation Environment	Indoor
Firmware Upgrade	Through the SWAN server (only through Wi-Fi)
Operating Temperature	-5°C to 45°C (23°F to 113°F)
Auto Learn	Yes
Colors	White, Grey
Dimensions	19.50W x 11.28H x 1.74D cm (7.7" W x 4" H x 0.7" D)
Weight	0.46 kg
Certification	CE, FCC 15.247 Certification Body: Applica Test & Certification
